## End-of-Life Announcement

This letter serves as a formal notification regarding the upcoming End-of-Life (EOL) for our product(s):  
**VI-3103, 3-port IP switch with PoE**

### EOL Reason:

At barox, we are continuously evaluating our product portfolio to ensure we are focusing our resources on the solutions that bring the most value to our customers. As a result of this strategic review, we have decided to discontinue this product(s).

### Please take note of the following important milestones:

| Milestone             | Date               | Description                                                                                                                               |
|-----------------------|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| <b>End-of-Sale</b>    | September 30, 2026 | The last day to purchase the product or its related licenses/subscriptions.                                                               |
| <b>End-of-Support</b> | September 30, 2029 | The last day for technical support, maintenance, and bug fixes for the product. After this date, we will no longer provide any assistance |

### Replacement Product(s):

To help you transition smoothly, we recommend our alternative solution:  
**VI-30103, 3-port IP switch with PoE**

### Benefits:

VI-30103 can be powered via 60W PoE.

### Migration Guide:

Please note that this device has a slightly longer design!

We understand that an End-of-Life announcement can be challenging, and we are committed to making this transition as seamless as possible for your team. If you have any questions or require assistance with the migration process, please do not hesitate to contact our dedicated support team at [support@barox.ch](mailto:support@barox.ch) or +41 56 511 10 30.

Thank you for your business and partnership.

With best regards,

**barox Kommunikation AG**
