Baden Dättwil, June 24, 2025

End-of-Life Announcement

This letter serves as a formal notification regarding the upcoming End-of-Life (EOL) for our product(s):
PC-PIGE502-GBTE-B, Industrial switch with PoE+ and optical uplink, power supply from 12VDC

EOL Reason:
At barox, we are continuously evaluating our product portfolio to ensure we are focusing our resources on the solutions that bring the most value to our customers. As a result of this strategic review, we have decided to discontinue this product(s).

Please take note of the following important milestones:

Milestone	Date	Description
End-of-Sale	April 30, 2026	The last day to purchase the product or its related licenses/subscriptions.
End-of-Support	April 30, 2029	The last day for technical support, maintenance, and bug fixes for the product. After this date, we will no longer provide any assistance

Replacement Product(s):
To help you transition smoothly, we recommend our alternative solution:
PC-PIGE502-B-2, Industrial switch with PoE+ and optical uplink, power supply from 12VDC

We understand that an End-of-Life announcement can be challenging, and we are committed to making this transition as seamless as possible for your team. If you have any questions or require assistance with the migration process, please do not hesitate to contact our dedicated support team at support@barox.ch or +41 56 511 10 30.

Thank you for your business and partnership.

With best regards,

barox Kommunikation AG
